PATTERN NOTES:

The pullover is designed to be a fairly loose fit, with easily adjustable body and sleeve lengths. Start each dc row with a ch1. This does not count as a stitch. (Be careful not to work in the ch1; if you're a beginner, do frequent stitch counts). Start each tr row with a ch3. This counts as a stitch. Due to the nature of the stitch pattern, it is strongly recommended that frequent stitch counts are done when doing the sleeves. **DECREASE TIP:** When decreasing around the neckline, skip one stitch (slst) instead of working 2 stitches together.

STITCH PATTERN:

Row 1: (WS) Insert hook in second st from hook, work 1dc, 1tr in the next ch, *1dc in next ch, 1tr in next ch*, rep from * to end, turn.
